BY MMSF 1 ANE

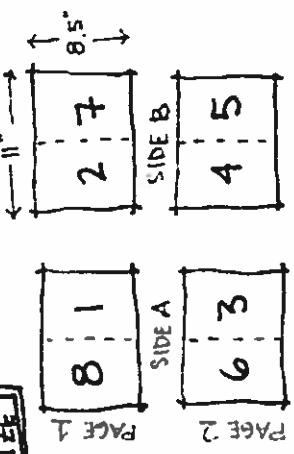

a quick guide

1/4 SIZE
 Use an 8.5" x 11" sheet of paper, cut in half. I know it looks kinda tricky, but trust me, you'll get it.

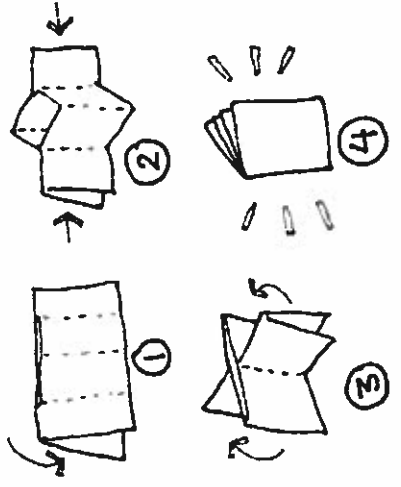

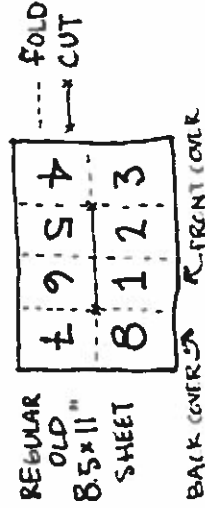

1/2 SIZE
 Same deal, but don't cut the page in half

WHAT'S A ZINE?
 Short for "magazine", zines are self-published books or pamphlets that are often shared, traded, or sold for a small cost. People write zines about politics, social justice, art, comics, personal stories ("peezines"), music, DIY, poetry, stories, cats, pizza, or whatever captures the zinester's interests.

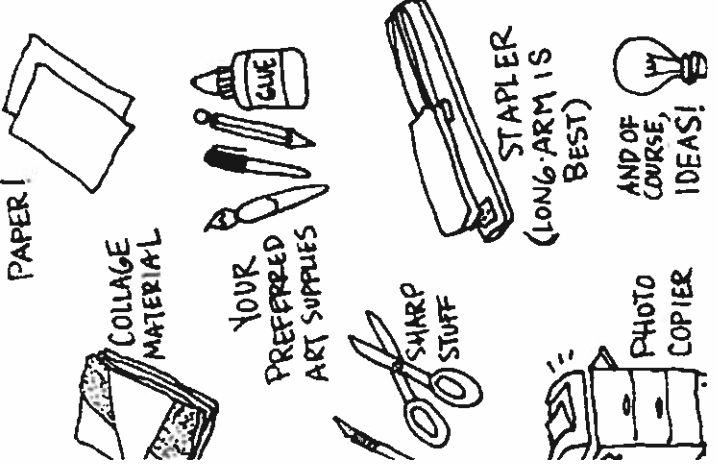

GO MAKE YOURSELF A MINI-ZINE!
